AIRCAST INSTRUCTIONS FOR A 14 DAYS TRIAL PERIOD

- 1. Download the software from our website http://www.dnrbroadcast.com/aircast
- 2. When this software is installed a demo version for 30 minutes is on your PC
- 3. Now open de License manager of Aircast (to be found below the Aircast logo) and you can download a trial license which converts your 30 minute version into a 14 days version.

See below how to do this.

Above you see the set-up wizard that has to be followed as you have done many times with other software. It asks you where you want to install the files etc. Nothing special about it.

Once you have launched the software go to the orange AIRCAST logo on the top right and click on it.

Now it should look like above picture. Do step 3 and install the 14 days license.

Have fun with the software and if you like it you can also purchase it directly from our website or at your local distributor/Dealer.
